# ABOUT THE PEWIN FOUNDATION

The PEWIN Foundation harnesses the collective philanthropic power of our members, partners, and broader community to support and advance high-performing women at every stage of their careers across the financial services industry. We believe that meaningful change begins with us.

Through our mission, we are investing in a stronger, more equitable future—expanding access, accelerating leadership, and creating lasting pathways for women to thrive and lead throughout their professional journeys.

## About the Leadership Lattice Initiative

In late 2025, following the successful Brilliance Soirée fundraiser, the PEWIN Foundation launched a bold research initiative to identify the positive patterns driving women's advancement in private markets. The project will deliver a practical roadmap for individuals, organizations and the ecosystem to catalyze systemic change. The Leadership Lattice research will conclude in 2026, with actionable findings unveiled at this year's event.
